***It's summer and that means swamp cooler time and sleeping with windows open for a gentle breeze...Remember to add additional devices to windows and sliding glass doors that can prevent jiggling the window or door out of the tracks to commit burglary. Check out the many types of devices at your local hardware store to add to your home security plan. Don't forget to keep vehicle windows rolled up and garage doors closed – these are also common burglary points of entry during summertime months.***

***Be safe! Jill Garcia, Crime Prevention Specialist / ICPS NCPS – APD, Foothills Area Command***
